6. A list of undertakings that had an adverse effect on historic properties along with their mitigation;

There were no undertakings that had an adverse effect on any historic properties on USAG YPG during fiscal year 2017.

7. A list of all inadvertent discoveries;

There were no undertakings on USAG YPG that had an inadvertent discovery during fiscal year 2017.

8. Proposed USAG YPG cultural resources program activities or changes;

White Tanks continues to be monitored on a quarterly. Due to the game cameras emplaced at the two gates, we have caught trespassers and the USAG YPG police are taking action.

USAG YPG hired a new Conservation Police Officer who is currently undergoing additional environmental training. Officer Nieto will focus on natural and cultural resources concerns and trespasses that occur across USAG YPG.

Erin Goslin continues to serve as the USAG YPG Cultural Resources Manager. It is anticipated that the empty Cultural Resources Manager position will be advertised this fiscal year.

9. A list of any newly proposed undertakings; and

There are two potential Environmental Assessments that will be undertaken this fiscal year. One is to expand an existing Impact Area into a historic impact area. The second is to build some Observation Berms to better utilize extant Impact Areas. No other projects are known at this time.

10. Any changes USAG YPG might consider toward improvement in implementation of any stipulations.

We continue to work with Mission to further identify Contaminated Areas, (e.g., historical contamination, historic impact areas, and other contaminated areas) ahead of any archaeological survey. Once these areas have been officially and spatially defined, we will appropriately update Attachments C, D, and G per the PA.
