

United State Army Garrison Yuma Proving Ground, Yuma County, Arizona

---

## **FY20 Programmatic Agreement Annual Report and Review**

Department of Public Works  
Environmental Sciences Division  
Cultural Resources Office  
Yuma Proving Ground

December 1, 2020

Distribution Statement C—Distribution authorized to US Government agencies and their contractors; and federally recognized Indian Tribes for purposes of cultural resource research/investigation; July 2010. Other requests for this document shall be referred to U.S. Army Yuma Proving Ground Environmental Sciences Division, IMYM-PWE, 301 C Street, Yuma, Arizona 85365.

**DESTRUCTION NOTICE:** Destroy by any method that will prevent disclosure of contents or reconstruction of the document.

Per the *Programmatic Agreement Among the United States Army Garrison, Yuma Proving Ground, the Arizona State Historic Preservation Officer, and the Advisory Council on Historic Preservation Regarding the Operations, Maintenance, and Development of Yuma Proving Ground, Arizona (November 2014)* (PA) the United States Army Garrison (USAG YPG) is to prepare an annual report and distribute it to all Consulting Parties, except the Advisory Council on Historic Preservation (ACIP), within 75 days of each new fiscal year, beginning in Fiscal Year 2016. This document provides responses to Stipulation VIII of the PA.

**1. List of negative survey reports produced.**

No negative survey reports were produced during Fiscal Year 2020 (FY 20).

**2. List of surveys with identified cultural resources.**

| <b>Reference Number</b> | <b>Author, Year</b>                 | <b>Report Title</b>  |
|-------------------------|-------------------------------------|--|
| YPG-R-285               | Penton, M. W., and N. D. Emery 2020 | National Register Eligibility Evaluation of Cold War-Era Properties, U.S. Army Yuma Proving Ground, Arizona  |
| YPG-R-286               | Grijalva, G. M. 2019                | A Class III Cultural Resource Survey of 22.5 Acres for the Installation of a Fiber Optic Line Between Imperial Dam Road and Barranca Road on U.S. Army Garrison, Yuma Proving Ground |
| YPG-R-287               | Tenen, L. B., and L. F. Urreiztieta | A Cultural Resources Survey of 10,008 Acres of Cibola Range, U.S. Army Yuma Proving Ground, La Paz, Arizona  |
| YPG-R-288 <sup>1</sup>  | Goslin, E. 2019                     | A Class III Cultural Resource Survey of 161.17 Acres for the Proposed Impact Area in Trigo Wash on the Cibola Range of the U.S. Army Garrison, Yuma Proving Ground                   |
| YPG-R-289               | Schlegel, T., and G. M. Grijalva    | Class III Survey of 205 Acres for the Proposed Impact Area, East Arm of the Kofa Range, U.S. Army Garrison, Yuma Proving Ground  |

<sup>1</sup> The survey was determined not adequate and the report was withdrawn. The project was relocated with a new survey occurring in October 2020 (to be reported on the Annual Report for FY 2021) and the original area will be surveyed in the future.

**3. List of newly identified historic properties (updated Attachment B)**

As all reports completed in FY 2020 that identified archaeological sites or buildings are still in consultation, the list below includes both eligible historic properties and not eligible site. The list contains 2 new identified historic properties, 6 potential historic properties where not enough information was provided in the cultural survey report for YPG to make a determination of eligibility (these potential historic properties will be treated as eligible until a determination can be made), and 205 not eligible cultural sites. As consultation is still in progress for all cultural resources, no update will occur to Attachment B at this time. Updates to Attachment B will be reflected in the FY 2021 Annual Report.

| <b>Site Number/<br/>Building No.</b> | <b>Reference</b>      | <b>Site Description</b>             | <b>YPG<br/>Determination</b> | <b>SHPO<br/>Concur</b> |
|--------------------------------------|-----------------------|-------------------------------------|------------------------------|------------------------|
| 211                                  | Penton and Emery 2020 | Wash Platform                       | Not eligible                 | In consultation        |
| 958                                  | Penton and Emery 2020 | General Purpose Playground          | Not eligible                 | In consultation        |
| 1098                                 | Penton and Emery 2020 | Potable Water Storage Tank          | Not eligible                 | In consultation        |
| 1099                                 | Penton and Emery 2020 | Potable Water Storage Tank          | Not eligible                 | In consultation        |
| 1496                                 | Penton and Emery 2020 | Water Well "X"                      | Not eligible                 | In consultation        |
| 1509                                 | Penton and Emery 2020 | Concrete Pad                        | Not eligible                 | In consultation        |
| 2007                                 | Penton and Emery 2020 | Substation "B"                      | Not eligible                 | In consultation        |
| 3006                                 | Penton and Emery 2020 | Water Storage Tank                  | Not eligible                 | In consultation        |
| 3040                                 | Penton and Emery 2020 | Blast Deflection Facility           | Not eligible                 | In consultation        |
| 3091                                 | Penton and Emery 2020 | CDH RF Building                     | Not eligible                 | In consultation        |
| 3118                                 | Penton and Emery 2020 | Cinetheodolite Pad at Site 3        | Not eligible                 | In consultation        |
| 3119                                 | Penton and Emery 2020 | MPS Radar Pad at Site 4             | Not eligible                 | In consultation        |
| 3120                                 | Penton and Emery 2020 | Astronautical/Geophysical Building  | Not eligible                 | In consultation        |
| 3121                                 | Penton and Emery 2020 | Cinetheodolite Pad at Site 1        | Not eligible                 | In consultation        |
| 3122                                 | Penton and Emery 2020 | Cinetheodolite Pad at Site 2        | Not eligible                 | In consultation        |
| 3123                                 | Penton and Emery 2020 | Cinetheodolite Pad at Site 5        | Not eligible                 | In consultation        |
| 3125                                 | Penton and Emery 2020 | Telemetry Building at Site 4        | Not eligible                 | In consultation        |
| 3127                                 | Penton and Emery 2020 | Septic Tank and Drain Field at 3125 | Not eligible                 | In consultation        |
| 3128                                 | Penton and Emery 2020 | Cinetheodolite Pad at Site 6        | Not eligible                 | In consultation        |
| 3400                                 | Penton and Emery 2020 | Metal Sun Shelter at Test Op M3B    | Not eligible                 | In consultation        |
| 3401                                 | Penton and Emery 2020 | Metal Sun Shelter at Test Op M5B    | Not eligible                 | In consultation        |

| AZ<br>S:14:101(ASM)                  | Schlegel and Grijalva 2020 | 132 primary and secondary chert flakes, 26 primary and secondary chalcedony flakes, 24 primary and secondary quartzite flakes, 1 basalt tested cobble | Not eligible                 | In consultation        |
| AZ<br>S:14:102(ASM)                  | Schlegel and Grijalva 2020 | 36 primary and secondary chert flakes, 19 primary and secondary basalt flakes, and 10 primary and secondary chalcedony flakes                         | Not eligible                 | In consultation        |

In addition to the above cultural resources, in FY 19, 46 cultural resources that were previously unevaluated, were re-recorded by YPG archaeologists and contractors. These sites have not been consulted on yet; however, they are listed below with the YPG determination and consultation will be forth coming.

| <b>Site Number</b> | <b>Recorder(s)</b>             | <b>Description</b>   | <b>YPG Determination</b>    |
|--------------------|--------------------------------|--|-----------------------------|
| AZ X:3:138(ASM)    | McCormick, J., and G. Grijalva | Trail segment, 32 sherds, and 30 flakes  | Eligible (Criterion D)      |
| AZ X:3:141(ASM)    | McCormick, J., and G. Grijalva | Area was thoroughly searched both in NAD 27 and 83, as well as using topographic maps; however, the site was not relocated. The area has been impacted heavily by off-road vehicle use. The site originally was recorded as a trail segments, flakes, and pottery. | Not eligible                |
| AZ X:3:263(ASM)    | McCormick, J.                  | 15 WWII-Era rock blinds  | Eligible (Criteria A and D) |
| AZ X:3:283(ASM)    | McCormick, J., and G. Grijalva | The site has been destroyed by modern activity, it originally was recorded as one rock blind and two rock cairns.  | Not eligible                |
| AZ X:3:284(ASM)    | McCormick, J., and G. Grijalva | One cleared circle with no associated artifacts. The single feature does not meet the modern site definition.  | Not eligible                |
| AZ X:3:285(ASM)    | McCormick, J., and G. Grijalva | Three cleared circles, four flakes.  | Eligible (Criterion D)      |
| AZ X:3:286(ASM)    | McCormick, J., and G. Grijalva | Two cleared circles, two cores, two flakes.  | Not eligible                |
| AZ X:3:287(ASM)    | McCormick, J., and G. Grijalva | Two cleared circles, two flakes.   | Not eligible                |
| AZ X:3:288(ASM)    | McCormick, J., and G. Grijalva | One cleared circle with no associated artifacts. The single feature does not meet the modern site definition.  | Not eligible                |
| AZ X:3:289(ASM)    | McCormick, J., and G. Grijalva | Two cleared circles and one flake.   | Not eligible                |
| AZ X:3:290(ASM)    | McCormick, J., and G. Grijalva | Two cleared circles and one flake.   | Not eligible                |
| AZ X:3:291(ASM)    | McCormick, J., and G. Grijalva | Area of original recording is heavily disturbed and site is assumed destroyed; originally two cleared circles and one flake.   | Not eligible                |
| AZ X:3:292(ASM)    | McCormick, J., and G. Grijalva | The site has been destroyed by modern activity; it originally was recorded as six small rock clusters.   | Not eligible                |

| <b>Site Number</b> | <b>Recorder(s)</b>             | <b>Description</b>  | <b>YPG Determination</b>    |
|--------------------|--------------------------------|---|-----------------------------|
| AZ X:3:293(ASM)    | McCormick, J., and G. Grijalva | 2 rock piles, historic geoglyph   | Not eligible                |
| AZ X:3:294(ASM)    | McCormick, J., and G. Grijalva | 2 trail segments, 10 rock blinds, 1 prospect pit  | Not eligible                |
| AZ X:3:295(ASM)    | McCormick, J., and G. Grijalva | One cleared circle with no associated artifacts. The single feature does not meet the modern site definition.   | Not eligible                |
| AZ X:3:296(ASM)    | McCormick, J., and G. Grijalva | The site has been destroyed by off road activity; it originally was recorded as a single cleared circle, which does not meet the definition of a site.  | Not eligible                |
| AZ X:3:297(ASM)    | McCormick, J., and G. Grijalva | 3 cleared circles and 10 flakes   | Eligible (Criterion D)      |
| AZ X:3:298(ASM)    | McCormick, J., and G. Grijalva | The site has been destroyed by off road activity; it originally was recorded as a single cleared circle, which does not meet the definition of a site.  | Not eligible                |
| AZ X:3:299(ASM)    | McCormick, J., and G. Grijalva | WWII-era site with four rock blinds, three rock piles, military rations and rifle casings.  | Eligible (Criteria A and D) |
| AZ X:3:305(ASM)    | McCormick, J., and G. Grijalva | The site has been destroyed by off road activity; it originally was recorded as a single cleared circle, which does not meet the definition of a site.  | Not eligible                |
| AZ X:3:306(ASM)    | McCormick, J., and G. Grijalva | One rock ring with no associated artifacts. The single feature does not meet the modern site definition.  | Not eligible                |
| AZ X:3:307(ASM)    | McCormick, J., and G. Grijalva | Area was thoroughly searched both in NAD 27 and 83, as well as using topographic maps; however, the site was not relocated. It originally was recorded as one cleared circle and one rock circle. | Not eligible                |
| AZ X:3:308(ASM)    | McCormick, J., and G. Grijalva | Two cleared circles.  | Not eligible                |
| AZ X:3:309(ASM)    | McCormick, J., and G. Grijalva | Two cleared circles.  | Not eligible                |
| AZ X:3:310(ASM)    | McCormick, J., and G. Grijalva | WWII-Era site includes, 3 impact craters, 2 rock blinds, 3 check dams, 1 geoglyph, and 20 military related artifacts  | Not eligible                |
| AZ X:3:311(ASM)    | McCormick, J., and G. Grijalva | One cleared circle with no associated artifacts. The single feature does not meet the modern site definition.   | Not eligible                |

| <b>Site Number</b> | <b>Recorder(s)</b>             | <b>Description</b>  | <b>YPG Determination</b> |
|--------------------|--------------------------------|---|--------------------------|
| AZ X:3:312(ASM)    | McCormick, J., and G. Grijalva | The site has been destroyed by off road activity; it originally was recorded as 2 rock piles.   | Not eligible             |
| AZ X:3:313(ASM)    | McCormick, J., and G. Grijalva | One cleared circle with no associated artifacts. The single feature does not meet the modern site definition.   | Not eligible             |
| AZ X:3:315(ASM)    | McCormick, J., and G. Grijalva | 2 cleared circles, 1 rifle pit, 12 quartz flakes, 5 shell casings   | Not eligible             |
| AZ X:3:323(ASM)    | McCormick, J., and G. Grijalva | 5 rock blinds   | Not eligible             |
| AZ X:3:324(ASM)    | McCormick, J., and G. Grijalva | Area was thoroughly searched both in NAD 27 and 83, as well as using topographic maps; however, the site was not relocated. The area has been impacted heavily by off-road vehicle use. The site originally was recorded as 1 cleared circle, which does not meet the definition of a site. | Not eligible             |
| AZ X:3:325(ASM)    | McCormick, J., and G. Grijalva | 5 rock clusters.  | Not eligible             |
| AZ X:3:326(ASM)    | McCormick, J., and G. Grijalva | Area was thoroughly searched both in NAD 27 and 83, as well as using topographic maps; however, the site was not relocated. The area has been impacted heavily by off-road vehicle use. The site originally was recorded as 2 cleared circles.  | Not eligible             |
| AZ X:3:327(ASM)    | McCormick, J., and G. Grijalva | 2 cleared circles   | Not eligible             |
| AZ X:3:328(ASM)    | McCormick, J., and G. Grijalva | Area was thoroughly searched both in NAD 27 and 83, as well as using topographic maps; however, the site was not relocated. The site originally was recorded as 1 rock ring and 8 to 10 flakes.   | Not eligible             |
| AZ X:3:331(ASM)    | McCormick, J., and G. Grijalva | 2 defensive feature positions.  | Not eligible             |
| AZ X:3:336(ASM)    | McCormick, J., and G. Grijalva | The site has been destroyed by off road activity; it originally was recorded as 4 cleared circle.   | Not eligible             |
| AZ X:3:337(ASM)    | McCormick, J., and G. Grijalva | 8 cleared circles, rhyolite core, historic military artifacts; heavy off-road disturbance.  | Not eligible             |
| AZ X:3:338(ASM)    | McCormick, J., and G. Grijalva | 4 rock circles, 6 cleared circles, 12 flakes; heavy off-road disturbance.   | Not eligible             |
| AZ X:3:340(ASM)    | McCormick, J., and G. Grijalva | Three rock rings and 200 flakes.  | Eligible (Criterion D)   |

| Site Number     | Recorder(s)                    | Description   | YPG Determination      |
|-----------------|--------------------------------|---|------------------------|
| AZ X:3:341(ASM) | McCormick, J., and G. Grijalva | Two cleared circles, one rock ring, and 52 flaked stone artifacts   | Eligible (Criterion D) |
| AZ X:3:342(ASM) | McCormick, J., and G. Grijalva | Approximately 10 flakes of the original 125 were relocated; however, they were no longer in their original context. The site has been destroyed by off-road vehicle use and development | Not eligible           |
| AZ X:3:664(ASM) | McCormick, J., and G. Grijalva | 16 rock blinds, 220 historic artifacts.   | Not eligible           |
| AZ X:3:685(ASM) | McCormick, J., and G. Grijalva | 4 rock features, 4 historic artifacts.  | Not eligible           |
| AZ X:3:709(ASM) | McCormick, J., and G. Grijalva | Abandoned dirt road, fence line, and approximately 150 historic artifacts.  | Not eligible           |

**4. List of undertakings that were reviewed but had no effect on historic properties.**

| Reference Number | Author, Year                        | Report Title   |
|------------------|-------------------------------------|--|
| YPG-R-285        | Penton, M. W., and N. D. Emery 2020 | National Register Eligibility Evaluation of Cold War-Era Properties, U.S. Army Yuma Proving Ground, Arizona  |
| YPG-R-286        | Grijalva, G. M. 2019                | A Class III Cultural Resource Survey of 22.5 Acres for the Installation of a Fiber Optic Line Between Imperial Dam Road and Barranca Road on U.S. Army Garrison, Yuma Proving Ground |
| YPG-R-287        | Tenen, L. B., and L. F. Urreiztieta | A Cultural Resources Survey of 10,008 Acres of Cibola Range, U.S. Army Yuma Proving Ground, La Paz, Arizona  |
| YPG-R-289        | Schlegel, T., and G. M. Grijalva    | Class III Survey of 205 Acres for the Proposed Impact Area, East Arm of the Kofa Range, U.S. Army Garrison, Yuma Proving Ground  |

**5. List of undertakings that were reviewed but had no adverse effect on historic properties.**

There were no undertakings reviewed that had a finding of “no adverse effect” on historic properties during FY 20.

**6. List of undertakings that had an adverse effect on historic properties along with their mitigation.**

There were no undertakings reviewed that had a finding of “adverse effect” on historic properties.

**7. List of all inadvertent discoveries.**

There were no inadvertent discoveries during FY 20.

**8. Proposed USAG YPG cultural resources program activities or changes.**

Cultural Resource Manager Erin Goslin left YPG and Catherine Vaughn was hired and appointed to be the Cultural Resource Manager.

The Archaeologist position is currently vacant and YPG is in the processing of hiring.

**9. List of any newly proposed undertakings.**

| <b>Undertaking</b>  | <b>Stage of Development</b> |
|---|-----------------------------|
| Archaeological Sensitivity Model                                  | Update, in progress         |
| Integrated Cultural Resources Management Plan (ICRMP) (2017-2022) | Update, in progress         |
| BLM Highway 95 Land Withdraw                                      | Proposed, in progress       |
| Camp Laguna South Possible Munitions Removal                      | Proposed, in progress       |
| KFR East Arm Impact Areas   | Proposed, in progress       |
| Trigo Wash Impact Area  | Proposed, in progress       |
| KFR AGFD Two Water Catchments                                     | Proposed, in progress       |
| Ivan's Well   | Proposed                    |
| 263-Acre BLM HCA Withdraw   | Proposed                    |
| LAAF Hanger Survey  | Proposed, in progress       |
| LAAF Taxiway Survey   | Proposed                    |
| Imperial Dam Road Utilities Survey                                | Proposed                    |
| Continued Evaluation of Undetermined Sites                        | Proposed                    |

**10. Changes USAG YPG might considered towards improvement in implementation of any stipulations.**

| <b>Location</b>           | <b>Current text</b>  | <b>Proposed Action</b>   |
|---------------------------|--|--|
| Page 3                    | WHEREAS, provisions in the 2005 (modified in 2011) <i>USAG YPG/Cocopah Tribe Cooperative Agreement: Services Between the U.S. Army Yuma Proving Ground and the Cocopah Indian Tribe Cocopah Museum, Somerton, Arizona</i> and the 2010 (extended in 2014) <i>Memorandum of Understanding between the Yavapai-Prescott Indian Tribe and the U.S. Army Garrison Yuma Proving Ground</i> are not affected by this PA; and | Delete statement.<br>The agreement between the Cocopah Museum and USAG YPG ended in August of 2020; therefore, the statement is no longer necessary.<br><br>The MOU between the Yavapai-Prescott Indian Tribe and the USAG YPG was allowed to expire in 2017; therefore, the statement is no longer necessary. |
| Page 6, Section II. A. 2. | The CRM will ensure that all Digging Permits and Records of Environmental Consideration contain text derived from Standard Operating Procedures (SOP) #5, "Inadvertent Discovery of Archaeological Deposits," as found in Attachment F.  | Change: Digging to Dig.<br>Delete: and Records of Environmental Consideration<br>RECs either do not involve ground disturbance or must proceed to a Dig Permit; therefore, the appropriate text will be included.  |

| <b>Location</b>                               | <b>Current text</b>  | <b>Proposed Action</b>   |
|---|--|--|
| Page 6,<br>Section II.<br>B                   | Define the Area of Potential Effects and Identify Historic Properties  | Change to: Document the Area of Potential Effects and Identify Historic Properties   |
| Page 6,<br>Section II.<br>B. 1                | The CRM shall determine and document the project APE for each specific undertaking, appropriate to the scope and scale of the undertaking, and considering direct, indirect, and cumulative effects.   | Delete the words "determine and"<br>The CRM does not determine the APE. It is chosen by the needs of the Mission   |
| Page 7,<br>Section II<br>B. 2. c). (1)        | Undertakings in areas of low sensitivity for archaeological sites will be surveyed at less than 100 percent regardless of the size of the project APE.   | Delete the statement. Survey of an APE at less than 100 percent with would not be acceptable for ground disturbance. The Sensitivity Model would be better used to determine where to put an APE.  |
| Page 7,<br>Section II<br>B. 2. C).<br>(2)     | For undertakings with a project APE of 200 acres or less, that are not in low sensitivity areas or in exempt areas as defined in Attachments C, D, or G, the CRM shall prepare and implement a survey approach using standard procedures based on appropriate SHPO guidance for identification efforts.  | Delete: "not in low sensitivity areas"<br>The sensitivity model cannot be properly tested and refined if low sensitivity areas are not surveyed.   |
| Page 7,<br>Section II<br>B. 2. C).<br>(3)     | For undertakings with a project APE larger than 200 acres, that are not in low sensitivity areas or not in exempt areas as defined in Attachments C, D, or G, the CRM shall prepare the survey approach using the standard procedures based on appropriate SHPO guidance for the identification efforts, and finalize the project APE and survey approach in consultation with the SHPO and Tribes | Change to: For undertakings with a project APE larger than 200 acres that are not in exempt areas as defined in Attachments C, D, or G, the CRM shall prepare the survey approach using the standard procedures based on appropriate SHPO guidance for identification efforts and send initial notification of the APE and survey approach to the SHPO and Tribes. |
| Page 7,<br>Section II<br>B. 2. C).<br>(3) (a) | The CRM shall provide the SHPO and Tribes the survey approach and project APE 30 days in advance of the proposed inventory and request comments.   | Delete: 30 days.<br>It is not always possible to provide 30 days of notice prior to the start of the project if Mission needs are to be met.   |

| Location                                      | Current text   | Proposed Action   |
|---|--|---|
| Page 7,<br>Section II<br>B. 2. C).<br>(3) (b) | The SHPO has 20 days upon receipt of all pertinent documentation to provide comments on the survey approach and project APE. If no comments are received within that time, the CRM shall make a second attempt to contact the SHPO for comments before assuming concurrence with the USAG YPG survey approach and project APE. | Delete all.<br>If SHPO guidelines are used for the survey approach, no further comment should be necessary. The APE is chosen by Mission, the actual area of a project or test may be narrowed down within the APE based on the results of survey.<br>Most request for project will not have the timeline to make this approach work.<br><br>Replace with:<br>If SHPO has concerns about known cultural resources within the APE, they should submit their comments in writing to USAG YPG within 20 days of all pertinent documentation. |
| Page 7,<br>Section II<br>B. 2. C).<br>(3) (c) | The Tribes are under no obligation to provide comments on the proposed survey approach or project APE; however, if they wish USAG YPG to consider their comments regarding the proposed survey approach or project APE, Tribes should submit comments in writing within 20 days of receipt of all pertinent documentation.     | Replace with: The Tribes are under no obligation to provide comments. If the Tribes have concerns about known cultural resources, sacred sites, or properties Traditional or cultural significance within the APE, they should submit their comments in writing to USAG YPG within 20 days of all pertinent documentation.  |
| Page 8,<br>Section II<br>B. 3. a)             | Surveys that identify inventoried areas with no archaeological sites, isolated features or artifacts, or other cultural resources will be defined as negative surveys  | I believe SHPO guidance currently defines a negative survey as one in which no cultural/archaeological sites are found. It allows for isolates to be considered part of a negative survey.  |
| Page 57<br>Attachment<br>H, 2-e               | Installation of facilities to provide access to historic properties by disabled persons provided the alterations are architecturally compatible with the facility, are freestanding, and do not damage nor require removal of historic materials.  | In accordance with Army Directive (AD) 2020-10, add the following to the end of the statement: "Removal of historic materials, or replacement of historic materials with imitative substitute building materials will occur when the health or safety of personnel is of concern, or when the on-going use of historic materials is prohibitive.  |
